## The Village Update

At the time of this article, the playground equipment should be installed at Bubolz Memorial Park. I would like to thank the Economic Development Committee (Frank, Mary, Julie, & Mary Jo) for all their hard work and dedication. Thank you Leroy and Corey for your work on the project. We have a long way to go to reach our goal, but I wish to thank all the businesses, groups and individuals who have and who will contribute financially to the renovations at the park. Contributions can be made at the Clerk/Treasurer's Office during normal business hours. Other projects the Village Board is exploring are 5th St. renovations near the back of the Firemen's Park. These intersections need much work and we are checking all options. Another project is Deerview Drive expansion West to County W. Industrial Drive and Mill Street have been or will soon be finished with their second layer of blacktop. We are in the planning stages for Manitowoc Street bridge replacement, which is scheduled to take place next summer. Many things happening in our village—I hope the Village Board and I are meeting or exceeding your goals. If you feel you can help, please run for a Village Trustee or President's position at the next spring election.

*Until Next Time ~ Andrew Bubolz, Village President*

## REEDSVILLE AREA SENIOR CITIZENS

The Reedsville Area Senior Citizen's Meeting will be on Tues. August 19th, 2014 at 1:30 P.M. in the Community Room at the Reedsville Manor. All interested area Seniors are welcome to join us for an afternoon of fun, socializing, and playing cards and sometimes interesting guest speakers.

## Reedsville Alumni Association News

The Reedsville Alumni Association was once again able to award a \$1000 scholarship to a deserving graduating senior. The 2014 scholarship was awarded to Olivia Glasow. Olivia is the daughter of Mike and Terri Glasow. She is also the granddaughter of Fry Glasow, who was an instrumental member of the alumni association since its inception in 1957. Olivia will be starting her college education at UW-Manitowoc, transferring to UW-Milwaukee. She plans on pursuing a career as a Psychologist, specializing in child and adolescent psychology.

The Reedsville High School Alumni Association's 57<sup>th</sup> annual meeting/banquet is set for Saturday, October 4, 2014. The event will take place at Cobblestone Creek in Brillion. The meal will start at 12:30 with the meeting to follow. The cost is \$15.00 per person. Any person who graduated from Reedsville High School is welcome to attend. If you have not received an annual newsletter, please contact us at [reedsvillealumni@hotmail.com](mailto:reedsvillealumni@hotmail.com) and one will be emailed to you.

We will also be selling concessions at the Homecoming game, which is scheduled for Friday, October 3, 2014 against Manitowoc Lutheran. Help is always needed. If you are able to help out, please let us know.

We are asking any class that is celebrating a reunion to send us an updated address list. If any class has an extra booklet to share with the association, please mail it to us.

Our mailing address is PO Box 431, Reedsville, WI 54230 or email to

[reedsvillealumni@hotmail.com](mailto:reedsvillealumni@hotmail.com).

*Come see what you've been missing at Kay's Krafts.*

Dear Reedsville Community friends,  
As the Head Start teacher here in Reedsville for more than a decade, I'm sorry to announce that the Reedsville Head Start center has closed. We were not able to recruit enough families with young children to fill the classroom for this fall.  
You may not be familiar with the Head Start program. It is an early childhood preschool program for families and their children. Head Start is federally and state funded, which makes it free to families. Families who meet federal income guidelines or have children with a special need are given enrollment priority.  
I want to thank so many people for making Head Start a great place for children and their families, by either visiting the classroom, allowing us to have a field trip to your destination, or welcomed us in any way: Classic Cuts Salon, Reedsville Fire Department, Reedsville Manor, Tadych's Econofoods, Brillion Library, Braun Earth Acres, Brillion Nature Center, Ledgeview Nature Center, 1000 Acre Park, Tannenbaum Tree Farm, Jerry Robert's pumpkin patch, Deb Otto's farm, Kostechka's Dairy, Reedsville Buses, Corner House, Reedsville Elementary/Middle School's entire staff, and any others I may have forgotten to mention.  
My wonderful staff (Brenda and Tammy) will be joining me at a new Head Start Center in Manitowoc. We will again have the opportunity to impact children's lives and the lives of their entire family. We will miss serving the Reedsville community because we feel we have filled an important niche in this community, serving three-year-olds and serving as a stepping stone into public school. We hope that this is not a good-bye for forever. If you have a Little One who will be at least three years old by September 1, 2015, think about having your family recruited for Head Start by calling the Manitowoc office at 683-1960. My wonderful staff and I would LOVE to "come back home" to serve families here in Reedsville again.  
Gratefully,  
Sue Blanke ~a.k.a. "Miss Sue" & "Teacher Sue"

Reedsville, Wisconsin 54230

The following are the thoughts and insights of a new volunteer, Heidi:

Sunrise...

What's in a name? Sunrise alludes to hope, to a new day dawning, it's fresh and it's waiting. Anticipation stirs and calls my senses, draws me in...there's something to be discovered...maybe even unearthed. Like the name it bears, Sunrise Horse Farm lies in wait, patiently stretching forth as it calls to those who visit. Is it courage, is it safety, is it acceptance, is it kindness. What is it that hearts really need? Safety? Security? A place where it's built-up instead of torn down. Like a sunrise that offers hope, Sunrise Horse Farm is a safe haven to give hope a place to grow. Among the quieter pace of the farm, horses and humans have opportunity to connect, even if it's from a distance at first. There's no hurry. We all come "just as we are". Trust. Courage. Today I was doubly blessed when I saw both unfold. A young man stepped through some fears. He was ready to and it wasn't until we were done when he said, "I tried not to be skiddish". I would never have known as he led Star with an extra dose of "I can do this". His courage grew today. The farm is home to an almost totally blind horse. Spencer sees only shadows through one eye. We are just getting acquainted. But today he seemed particularly ok with me and chose to approach me on his own stretching his head and neck as he walked until his whiskers brushed up against me. He too grew in his courage as he chose to trust someone he can't even see. Hope...Restoration... Whether you would like to volunteer or you know of a child/young adult that needs to find hope again - please contact Sunrise Horse Farm.

### Corner House News

August is a month full of colors. New plants arrive each week.

Fall Mums, Kale and Black Eye Susans are great for our area.

We'll have some of each for sale.

Let's plan ahead for Fall decorations around our homes too. It would be wonderful to see displays by every front door or yard.

**Sale!** Come in now for low prices on a variety of plants. This would be a good way to add a plant or two to existing pots or beds or start a new patio pot for Fall. Call us at 754-4370 for your flower, plant or home décor needs. We are happy to help.

### Reedsville Area Garden Club News

HATS OFF to everyone who has decorated their home with flowers this year. The Village looks wonderful with the color everywhere.

Please keep up with your planters and flower beds all through the summer. It's not too late to add or bring new color into your yard.

Perennials are available by the Garden Club at the Corner House. Come and see our collection and make your selection. It's a great way to add to your perennial beds.

Call 754-4224 if you wish to join our club.

### Measles making headlines

Its been in the news: measles is still a health concern. Measles can be serious and even fatal, especially for small children. While death rates have been falling worldwide as more children are vaccinated, the disease still kills more than 100,000 people a year, most under age of five.

According to the Centers for Disease Control (CDC), measles is a highly contagious disease. It can be serious for young children, so protect your child by making sure he or she is vaccinated.

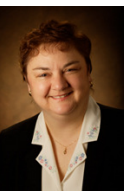

Measles spreads through the air when an infected person coughs or sneezes. Its so contagious that if one person has it, 90% of the people nearby will also become infected if they are not protected. Signs and symptoms of measles include cough, runny nose, inflamed eyes, sore throat, fever and a red, blotchy skin rash.

People in this country still get measles, but it's not very common. That's because most people in this country are protected against measles through vaccination. Today, the United States averages about 60 cases of measles each year, and most originate outside the country.

However, since measles is still common in parts of Europe, Asia, the Pacific, and Africa, measles can be brought into the United States by people who get infected while abroad.

According to the CDC, getting vaccinated is much safer than putting your child (or yourself) at risk by not being vaccinated.

## ANTIBIOTIC GUIDELINES TOO OFTEN IGNORED

A report from the Centers for Disease Control and Prevention revealed that up to 50% of antibiotic prescriptions are unwarranted and ineffective. The CDC warns that the result is an increase in drug-resistant diseases including pneumonia, anthrax, gonorrhea, MRSA, meningitis, salmonella, TB, typhoid and more.

The Journal of the American Medical Association's Internal Medicine early this year reviewed a study where clinicians signed a letter pledging to "avoid prescribing antibiotics when they are likely to do more harm than good" during a flu season period, which reduced inappropriate antibiotic use, but not impressively... unnecessary prescriptions were reduced by 1/5 during the study period by the clinicians who had signed the poster-sized letter.. Even in the face of their commitment, they continued to administer antibiotics improperly 1/3 of the time.

Side effects, adverse reactions and drug resistant infections aside, researchers in the JAMA study say ending the 2.6 million unnecessary prescriptions of antibiotics could reduce annual drug costs in the U.S. by \$70.4 million. And with that said, take a look at SILVER SHIELD from NSP. This is not the old colloidal silver but rather a newly patented silver sol technology. In 2003, Dr. Paul K. Carlton, Jr. drafted a letter to the U.S. Department of Homeland Security recommending this new silver solution as an important resource in biodefense against bioterrorism and outbreaks of infectious diseases. According to Dr. Carlton, the aquasol technology "has undergone rigorous testing and has been found to kill anthrax, bubonic plague, hospital staph, and SARS while still being non-toxic to humans".

It usually takes 2-6 minutes for silver to destroy 99.9% of bacteria, viruses, mold, and other pathogens it contacts and children can use it.

Contact me for information on the use of SILVER SHIELD for the eyes, ears, nose, throat, burns, wounds, and more.

August special available from Roadway To Health - 25% off the retail price of SILVER SHIELD LIQUID OR SILVER SHIELD GEL.
