"THE BEST CURE FOR INSOMNIA IS SLEEP" - W.C. FIELDS

Insomnia is associated with significant impairment in the quality of life, increased risk for accidents, and a decline in work productivity. A single night of sleep deprivation can alter immune response and increase inflammatory markers. Insomnia increases the risk for chronic pain, cardiovascular disease, cancer, neurologic and gastrointestinal disorders, obesity, and diabetes.

Problems with sleep are also common in people with Alzheimer's, depression, schizophrenia, mania, and anxiety.

The bedroom should be a place of retreat with it being quiet and cool. Take out the electric clock, cell phones, television and radio.

Along with nutrition, exercise, and stress management, sleep is clearly one of the four cornerstones of health.

The nerve supporting herbs in HERBAL SLEEP feed and strengthen the nervous system and allow the body to better handle daily stress effectively. These herbs also have a calming quieting effect which can be helpful anytime a person is under stress.

Nature's Sunshine has excellent essential oils which can be used for sleeping:

LAVENDER - restful and soothing, for healthy sleep which is used clinically for insomnia

ROMAN CHAMOMILE - promotes relaxation, calm healthy sleep which works very well even in small concentrations

CALMING BLEND - for comfort and sleep at night
 Nature's Sunshine has excellent quality control. Check out their website.

July special - 25% off the retail price of these products at Roadway To Health

MORE ADVENTURES WITH SMOKEY AND SPENCER

As there is a very long lane on the west side of the barn to get to the pasture, I was not sure how Spencer would master that. Each morning after eating their grain, Smokey would go over to Spencer put his nose on him as if they were talking and then Smokey would proceed down the lane to the pasture. This went on for several weeks and little by little Spencer would follow Smokey a few feet and then stop as Smokey continued down to the pasture. One Saturday morning as I checked on the horses Spencer was not in his usual place. So walking further down the lane...there was Spencer in the pasture with Smokey! He had to cross over a water hole to get there and he did it!!! When I have to call them up for feeding time, Spencer comes running with Smokey...what an awesome sight.

One day the animal massage lady was here to check both of the horses. After a short time with Smokey, she said that Smokey was the happiest and most relaxed she had ever seen him. And her notes on Spencer was that he is very relaxed and confident with Smokey!

All this is such a blessing for everyone...a reminder of how the Lord cares for each one of us.

You are welcome to stop in and see this incredible scene. Just give us a call and we will make arrangements.

We are still in need of volunteers any day and any time of the day so check your schedule and contact us.
