DETOX BREAKTHROUGH - TOTAL HEALTH TRANSFORMATION

A total health transformation includes three phases:

PURIFY - Remove toxins, eliminate waste and rebalance gut bacteria

FORTIFY - Strengthen the gut and revitalize metabolic function

PROTECT - Preserve gut health and provide targeted solutions

The great thing is that Nature's Sunshine products can help through all of these phases for a total health transformation!

But first, let's face the reality of our modern world...we are currently facing a Global pandemic of poor health, highlighted by three major factors:

1. Over 2 billion people worldwide--over a quarter of the earth's population are overweight or obese. One out of every four people you know are struggling with this.
2. 600 million people are estimated to struggle with diabetes, and more that 40% of the earth's population is thought to have some form of cardiovascular disease. Look around you, that's almost every other person you see.
3. Globally, we spend over \$3.5 trillion to fight this, yet every year, the numbers continue to rise.

The truth is that these issues, as serious as they are, are not the real issues. They are just symptoms of a deeper, fundamental concern that is being largely ignored.

WHY ARE WE UNHEALTHY?

That is the question that needs an answer. It starts with our environment..the air we breathe, the water we drink, our workplaces, even our homes are full of toxins and chemicals that endanger our health. And our diets compound the problem...a diet of processed, shelf stable foods that are high in calories and chemicals, but low in essential nutrients.

Nature's Sunshine has put together the 2.0 program and conducted a clinical trial to confirm its effectiveness to totally transform your health! The products include ULTRABIOME DTX, BACILLUS COAGULANS, REJUVENAID.

Each month we will explain more of the 2.0 program and the clinical study.

VOLUNTEER INFORMATION

Someone has volunteered to maintain the website which is a huge blessing for us so we are offering this information again this month.

SESSION INSTRUCTOR: this volunteer would be scheduled to work with children or teens and horses in a one-to-one capacity.

GREEN THUMB: Uses skill to keep the area a pleasant place to come. This job could include weeding, weed-whacking, flower planting. And with winter approaching, snow shoveling after a snow storm.

MECHANIC/BUILDER: Repairs and performs maintenance on buildings and equipment.

HOUSEKEEPER: Takes on the task of cleaning the barn: sweeping, organizing fencing supplies, and tool boxes.

TACK ROOM: Takes on the task of organizing the tack, cleaning the saddles and bridles, etc.

MEMORY MAKER: If you love photography and or scrap booking, this may be a good place for you to capture memories of the farm activities.

We are in need of volunteers any day and any time of the day so check your schedule and contact us.

It was Saturday evening about 5:45 and as I called the horses up from the pasture for their grain, I noticed fences down. So after giving Smokey and Spencer their grain, I took the bucket full of fencing supplies and headed down over the water hole. At one point I noticed Smokey was standing close to the water hole watching me. With darkness approaching and some areas of the fence still in need of repair, my time was limited as I needed to cross the water hole while there was a little daylight left. So now the fence is repaired and put back into the brackets and I slowly proceed near the water holding onto the fence and fence posts as I make my way across. Smokey was not there and I wondered where he was? Darkness was coming very quickly and glancing up the hill it appeared there was an outline of a horse so as I crossed over I started talking as not to startle the horses. Walking closer to the hill, there was Smokey with his head held high, watching me. He had a clear vision from that vantage point as if to say "I got it." It reminded me of the Lord and what He does for us. He says in Hebrews 13:5 - "I WILL NEVER LEAVE YOU, NOR WILL I EVER FORSAKE YOU"

Reedsville Garden Club

The Reedsville Garden Club wishes to thank everyone who decorated for FALL. Now, we are preparing for the Christmas Season.

The Pots will be filled for the Christmas Season.

Individuals are decorating them with Holiday items and Snowmen. A contest is underway to pick the best pot. Look them over. December 1st a winner will be selected.

People in the village and area are asked to decorate with a Snowman Theme. Build your own Snowman (if we have snow) or make a Snowman out of wood, plastic or something that will hold up in the winter. Purchased items could also be used. We hope to see many snowmen/women around the village and Reedsville Area. This could be a great family project. Get the children involved - they have good ideas too.

Try to have your decoration done by December 1st if possible. If not, do it as soon as you can.

We will be looking for all your great displays.
